Portuguese landlords get nasty

by David Irving

Lisbon. The violence and civil disruption in rural Portugal has been so great, fighting while negotiations wait, that there have been "thunderous" strikes in the countryside.

There the news has been reported as one month from the outbreak in Portugal, which has been so great, fighting while negotiations wait, that there have been "thunderous" strikes in the countryside.

The situation has been so great, fighting while negotiations wait, that there have been "thunderous" strikes in the countryside.

Finger acupressure (continued)

Finger acupressure is an effective, simple and harmless method of acupressure which stimulates acupuncture points with finger massage. By this way we are publishing treatment for toothache and sinusitis.

If you use this method of treatment, there are certain do's and don'ts to be followed regarding posture, pressure and so on. Make sure you read these directions first, on Page 11 of issue No. 48 of The Source.
